

## Easy Steps to **Subject Talks** with Inspiring the Future

Many teachers find that having a specialist professional talk to pupils in a subject lesson can help increase their enthusiasm and their understanding of how their work at school will help them later in life.

### Planning your event

1. Decide on a date and time for your talk, and narrow down which sectors, professions or specialisms (e.g. apprenticeships or languages) you might like to cover.
2. Log on to Inspiring the Future (<http://www.inspiringthefuture.org/>) and invite a volunteer (or volunteers) of your choice, giving details on the date, time and venue, along with what you would like them to do and/or bring as props. Volunteer tend to need 4 – 6 weeks notice.
3. Follow up one week before the event to re-confirm.
4. Prepare pupils with some questions ready to kick-start the Q&A.
5. Have someone greet the volunteer and ensure they are comfortable before introducing them to the class.
6. Encourage students to ask questions and engage with the speaker.
7. Let us know how it went – send us any pictures, videos and feedback so we can help to showcase and celebrate your success: [carol.glover@educationandemployers.org](mailto:carol.glover@educationandemployers.org) and follow us on @Edu\_Employers the account that we will retweet from.
